

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **People of MI v Trevor Daniel Piotrowski**
Docket No. **259364**
L.C. No. **03-011122-FH**

E. Thomas Fitzgerald, Judge, acting under MCR 7.211(E)(2), orders:

The motion to compel the trial court to immediately rule on defendant-appellant's most recent post-judgment motion is DENIED. While generally, a trial court is to rule on such a motion within 28 days, the trial court has the discretion to delay if it needs to secure evidence needed for the decision on the motion or there is other good cause for an adjournment. This Court will not second guess the delay at this point when the transcript has not yet been filed and the motion is one for new trial or acquittal.
